Day 4	Exclusive Excursion on Catamaran with Jazz Live on board	Lunch on board	Transfer to the Airport with private bus and guide assistant	

---

# Day 1

We will begin the tour with a visit of the old town of Valencia which is an area that still has its ancestral magical charm.

The "Lonja", the "Towers of Serranos" and "Towers of Quart" are the main remains of the medieval walls of Valencia. Then we will continue on the "Plaza de la Virgen" (Square of the Virgin) a place of great beauty. The cathedral was built on the remains of a Roman temple and has originally been a mosque from the thirteenth century. Tapas dinner at city centre.

# Day 2

Valencia is a flat city, with large green spaces and a historic city centre that can be reached very easily thanks to the extensive cycle paths. Discovering the city by bike and Segway is a unique, original and fun experience.

The tour starts at the group's chosen hotel and proceeds from the city centre, along the Turia Gardens, located in the old riverbed of the river Turia. The course was altered after the flood in 1957.

Free time for shopping on the Golden Mile of Valencia.

Dinner in a very nice restaurant at city centre

# Day 3

Valencia and its region is the region of the rice fields and rice receipts, including paella, which belongs here.

Boat trip through the sweet-water lake where rice fields get irrigated from. This natural park also constitutes an own ecosystem (with particular animal and vegetal spices) that will be explained during the tour.

Capacity per boat: 25 pax each

Paella cooking contest and lunch in a Barraca.

# Day 4

Exclusive excursion on Catamaran with Jazz Live and lunch on board.

Transfer to the airport with private bus and guide assistant.

# Venues

Great places for amazing events

# Restaurants

Modern Cuisine in Valencia

# Activities

All around the city and  
landscapes of Valencia
